• A small group of Village residents want to dissolve your community.
Before rushing into something that cannot be undone, think about what is actually at stake.

• They have no plan for the future, just a warm and fuzzy feeling 'that the Town will take care of us'.

• It will cost the taxpayers tens of thousands of dollars to pursue this 'dream', a fact both sides cannot dispute.

• 'Facts' FOR dissolution are misleading. On one web page they criticize the Village for \$34.8 million in exemptions and in another they assure everyone that their exemptions would continue under 'Town rule'

• Water and sewer rates have **nothing** to do with dissolution

• Much of the data they rely on are merely opinion pieces, self generated documents or partial reports.

• We cannot be compared to the Seneca Falls merger, they receive revenue from a landfill we do not have

Our History • Our Community • Our Future
• Our Village of Lyons •
